**Body Power Sports LTD. Declaration of Conformity
(Product Security and Telecommunications Infrastructure Act)**

1. Declaration of Conformity – Body Power, Body Power TITAN & Volta

We, the undersigned, hereby declare that the following products placed on the market under the brands mentioned in this document comply with the essential requirements and provisions of the Product Security and Telecommunications Infrastructure (PSTI) Act.

Brands covered under this declaration:

- Body Power
- Body Power TITAN
- Volta

Product Characteristics:

- All products are Bluetooth and Radio Frequency (RF) based only (where specified).
- No Wi-Fi connectivity is integrated into these machines.
- Products do not store personal or usage data beyond temporary running and performance metrics (e.g. speed, incline, distance, heart rate).
- All machine data is transferred directly via Bluetooth to the user's own device.
- The Bluetooth systems are not updatable, and this limitation is inherent to their design.

Support Period Declaration:

- Not applicable due to design limitations.

Accordingly, these products meet the security and design requirements of the PSTI Act and Compliance with ETSI EN 303 645 and ISO/IEC 29147 standards. We may also confirm that there are no default or easily guessable passwords.

2. Declaration of Conformity – Distributed / 3rd Party Brands

We also act as a distributor and marketplace seller for third-party brands that include products with built-in screens, Wi-Fi connectivity, Bluetooth, and/or local data storage. These products are manufactured and branded by their respective OEMs.

Product Characteristics:

- Products may include Bluetooth and Wi-Fi connectivity.
- Certain models incorporate built-in screens and applications.
- Products may hold performance or user data locally or through integrated software.
- The responsibility for security patching, data management, and connectivity updates remains with the original manufacturer/OEM.

Statement of Responsibility:

- Body Power Sports Ltd. relies on OEM declarations for compliance of third-party products.

We declare that, as a distributor, we provide these products in compliance with the PSTI Act based on the conformity and declarations provided by the original manufacturers.
